

CIVIC SERVICE GUIDELINE

Birth Certificate Registration

Department: Municipal Civic Services Department

Service: Birth Certificate Registration

Document Type: Citizen Service Guideline

Version: 1.0

Last Updated: January 2026

1. SERVICE OVERVIEW

Birth Certificate Registration is a civic service that allows citizens to register the birth of a child and obtain an official birth certificate.

Citizens can submit a birth registration application through the designated municipal service portal or at the local civic service office.

2. ELIGIBILITY

A parent or legal guardian may apply for registration of a child's birth.

The birth should be registered with the appropriate local civic authority responsible for the area where the birth occurred.

3. REQUIRED DOCUMENTS

The applicant should provide the following documents:

1. Proof of identity of the parent or guardian.
2. Proof of address.
3. Hospital or birth-discharge document, if the birth occurred in a hospital.
4. Birth registration application form.
5. In cases where additional verification is required, supporting documents may be requested by the civic authority.

4. APPLICATION PROCESS

Step 1:

Open the civic service portal and select "Birth Certificate Registration".

Step 2:

Enter the child's personal information, including name, date of birth and place of birth.

Step 3:

Enter the details of the parents or legal guardian.

Step 4:

Upload the required supporting documents.

Step 5:

Review the information and submit the application.

Step 6:

Save the application/reference number provided after submission.

5. VERIFICATION

The submitted application may be reviewed by the responsible civic authority.

The authority may verify the information and documents provided by the applicant.

If additional information or documents are required, the applicant may be contacted for clarification.

6. APPLICATION STATUS

Applicants can use their application/reference number to check the status of their birth registration application through the designated civic service portal.

Possible application statuses include:

- Submitted
- Under Verification

- Approved
- Rejected
- Additional Information Required

7. BIRTH CERTIFICATE

After the application is approved, the birth certificate can be issued by the responsible civic authority.

Where online certificate delivery is available, the applicant may download the certificate from the civic service portal.

8. IMPORTANT NOTE

Applicants should ensure that all information entered in the application is accurate and matches the submitted documents.

The civic authority may request additional documents or verification when necessary.
